Embassy of the United States of America
Athens, Greece

September 2017

MEDICAL AND DENTAL LIST

The Consular Section of the United States Embassy in Athens provides this list as a convenience to U.S. citizens in Greece. Its provision in no way constitutes an official recommendation by the U.S. government or its representatives. The Embassy assumes no responsibility for the professional ability or reputation of the persons and institutions listed. Names are listed alphabetically and by category. Professional credentials and areas of expertise are self-reported by the medical professional, medical facility or air ambulance service. The Embassy cannot vouch for the veracity. You may contact local medical boards and associations or local licensing authorities to obtain additional information. All listed practitioners report to speak English.

Medical fees can vary considerably in Greece. We recommend that clients inquire about fees in advance. Patients should settle all bills in euros and request a formal receipt.
